Battery Life	180 Minutes
Charging Time	4 Hours
Filtration Level	Option 1 - 180µm Filter Basket Option 2 - 3µm Ultra-fine Filter

### FlexiPath™ Adaptive Path Planning

The Scuba X1 Pro's FlexiPath™ technology and intelligent mapping system guarantee advanced cleaning patterns for pool floors, elevated platforms, and curved walls, ensuring efficient and comprehensive maintenance.

### Replaceable MicroMesh™ Ultra-fine Filter

This Replaceable MicroMesh™ Ultra-fine Filter ensures all impurities, including tiny sand and dust particles, are effectively captured in the dust chamber, preventing clogs and maintaining long-lasting cleaning efficiency.

### OmniSense+™ Ultrasonic Sensors for 360° Mapping & Obstacle Avoidance

OmniSense+™ delivers a 360° map of your pool, including floor, walls, elevated platform, and even hard-to-reach areas. Advanced ultrasonic sensors allow it to adapt to complex pool layouts, extend detection range, and ensure timely obstacle evasion.

### Adaptive Cleaning with Auto Mode

Clean smarter, not harder: the Scuba X1 Pro's Auto Mode adapts to your pool's cleanliness, adjusting power output for optimal cleaning, tailored to your pool's needs, and provides personalized care and peak efficiency.
